LIST OF ENGLISH RELIGIOUS HOUSES

[Houses sorted by religious Order]

An asterisk(*) prefixed to a religious house signifies that there are considerable remains extant. A dagger(†) prefixed signifies that there are sufficient remains to interest an archaeologist. No attention is paid to mere mounds or grass-covered heaps.

For these marks as to remains the author is not responsible. They have kindly been contributed by Rev. Dr. Cox and Mr. W. H. St. John Hope, who desire it to be known that they do not in any way consider these marks exhaustive ; they merely represent those remains with which one or other, or both, are personally acquainted.
